RoscoLED® Tape VariWhite Kits

Vibrant, Versatile Lighting Solutions

RoscoLED Tape Kits are engineered LED solutions that allow set designers and architects to incorporate dramatic accent lighting into their projects. These easy-to-use kits contain four reels of high-quality, fully tunable VariWhite LEDs (3000K to 6000K) or VariWhite Ultra LEDs (1800K to 6000K) with integrated power and dimming controls to provide high-output, high-CRI white light that adds a dynamic element to any installation. Flexible, field-cut-able and fully configurable options offer designers and filmmakers an easy way to integrate LEDs into their next project. All RoscoLED Tape products in the kits are certified to UL and CE standards and come with a 3-year warranty.
